

Captor Therapeutics Ltd. is looking for a candidate to hold the position of:

Laboratory Scientist In Tumor Biology

Ref. no: 2018.05.0005

location: Wrocław

Your main role will be establishing and maintenance of the tumor biology studies enabling direct testing of drug candidates in pathological cancer systems including cell lines, organoids and *in vivo* animal models.

Requirements

- BSc, MSc or PhD in Biological Sciences or related disciplines and minimum of 4 years of professional experience in the field (PhD does not qualify as professional experience)
- Vast experience in cancer biology
- Hands-on troubleshooting
- Analytical and problem solving skills
- Experience with MS Office suite

Key responsibilities

- Understand signaling mechanisms in various cancers (e.g. TNBC, CRC, NSCLC, DLBCL)
- Identify and analyze cancer cell-specific biomarkers
- Develop and characterize relevant cellular models of different cancers
- Validate targets by coordinating and characterizing efficacy studies
- Design and implement *in vitro* assays to explore biology of prospective targets
- In-depth literature analysis of the oncogenic pathways
- Communicate with CROs performing *in vivo* studies
- Please note that for this position, you will spend approximately 70% of your time in laboratory

We offer

- Full-time employment in a quickly growing biotechnological enterprise
- Opportunities for a constant professional development
- Internal and external trainings, conferences, workshops
- Competitive salary
- Friendly work environment in a small team
- Medical care
- Financial support for a life insurance

Candidates are asked to submit their applications (CV and a motivation letter **in English** using this [link](#). We retain the right to contact only selected candidates.

Please attach this clause to both your CV and motivation letter:

I hereby give consent for my personal data included in my application to be processed by Captor Therapeutics Ltd. for the purposes of the recruitment process under the Personal Data Protection Act as of 29 August 1997, consolidated text: Journal of Laws 2016, item 922 as amended.

I hereby give consent for my personal data included in my application to be processed by Captor Therapeutics Ltd. for future recruitment processes.
