

Captor Therapeutics Ltd. is looking for a candidate to hold the position of:

**Senior Scientist/Facility Manager: Expert in Protein Chemistry**

Ref. no: 2018.05.0009

location: Wrocław

Your main roles encompass development and optimization of protein expression and purification methods, execution of the established protocols, biochemical and biophysical assessment of protein purity and activity.

**Requirements**

- MSc or PhD in life sciences, e.g. biochemistry, biophysics, biotechnology or related
- Minimum of 3 years of post-PhD or 5 years post-MSc laboratory experience in industry and/or academia in protein expression and purification
- Technical experience in molecular biology, protein engineering, recombinant protein production and purification
- Experience in protein production in hosts other than *E. coli* is beneficial
- Experience in various biophysical and biochemical methods for protein analytics is beneficial
- Fluency in English (in writing and speaking)
- Analytical thinking, literature & patent search skills
- Ability to teamwork, good communication skills

**Key responsibilities**

- Conceptual and laboratory work in the area of protein chemistry and molecular biology (construct design, protein expression and purification, experience in various expression systems, e.g. *E.coli*, insect, mammalian)
- Literature search and analysis in the area of the project interest including patent analysis
- Introduction of novel and optimization of existing protocols in protein chemistry
- Data analysis, drawing conclusions, planning future experiments and periodic reporting in English
- Willingness to train and mentor junior team members
- Typical laboratory tasks, e.g. preparation of buffers and media, laboratory upkeeping
- Maintenance of the assigned laboratory equipment
- Please note that for this position, you will spend approximately 70% of your time in laboratory

## We offer

- Full-time employment in a quickly growing biotechnological enterprise
- Opportunities for a constant professional development
- Internal and external trainings, conferences, workshops
- Competitive salary
- Friendly work environment in a small team
- Medical care
- Financial support for a life insurance

Candidates are asked to submit their applications (CV and a motivation letter **in English** using this [link](#). We retain the right to contact only selected candidates.

Please attach this clause to both your CV and motivation letter:
